On November 27th, 2016 a nearly full slate of shooters showed up for this match.
It was good fun for all.

Sera, in her second pistol match ever, captured second place in optic class
and then took top honors in the high lady optic class. Well done Sera!

Although not her first time shooting, but her second time shooting in one of our pistol
matches, Winona Woo took first place in the iron sight class and using the same score,
took top lady – iron sight class – showing everybody how it should be done.

Congratulations Winona!!
